=
SUCCESS

“Not even for a day I felt a lack of growth while working for P&G”

Kristóf, Oral-B Production Line Leader

“I am trusted and empowered everyday”

Mariann, Site Construction Manager

“I continuously perform at the peak of my potential to make a real impact”

Lilla, Oral-B Operation Department Leader

“P&G leaders support me to drive the most effective quality system for Oral-B products”

Péter, Oral-B Quality Engineer

“From Day 1, I was put in a position where I felt I had responsibility and made a difference”

Attila, Site Project Leader

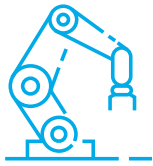

“Even after more than 3 years at P&G I still learn every day”

Sándor, Oral-B Operation Department Leader

DAY 1

It's something everyone experiences when they join a new company, whether they're a student, a recent graduate or a seasoned professional. P&G's Day 1 starts with you doing something that matters – making an impact on the world, P&G brands, and your career.

GYÖNGYÖS PLANT

GYÖNGYÖS Site is the fastest growing site in Europe with a very attractive portfolio of Medical Devices (Oral-B electric toothbrushes, Braun electric shavers and Silk-épil epilators).

We are looking for newly graduated or final semester Engineers who are agile, dynamic, have high level English skills, and want to be a part of our young and growing organization.

We look forward to hearing from you if you have a University or College degree in any Engineering Faculty (Electrical, Industrial, Mechanical, Chemical, Polymer Engineering, Logistics Management, Quality or Bio- engineering, Industrial Management and other fields of Engineering).

P&G IS DRIVEN TO MAKE LIFE BETTER

—not just within the company, but out in the wider world. From Day 1, we've been committed to doing the best by each other—our employees, our consumers, and all people of the world. And you will be, too. Join us for:

MANAGERIAL INTERNSHIP PROGRAM

3rd, 4th and 5th year Students

During the 3-month internship, most commonly during the summer, you can experience the kind of challenges we face every day. You will work on your own, significant business projects with your manager's support and coaching.

MANAGERIAL TRAINEESHIP DURING ACADEMIC YEAR

4th, 5th year Students and early Graduates

During 6-12 months you will have the possibility to combine your studies with gaining valuable experience, while working on a convenient schedule and enjoying an attractive salary. Upon successful completion of the traineeship you will have the opportunity to join P&G as a manager. We recruit candidates throughout the year for Warehouse, Quality, Supply Network and Manufacturing departments.

FULL TIME POSITIONS

Graduates

We continuously recruit freshly graduates with engineering backgrounds for entry level manager positions at Gyöngyös Site.
